

REASONS VOTING MATTERS

for People with Disabilities

1 in 4 people have a disability.

Participating in elections will greatly affect policy changes within our communities.

Disability is the least discussed area of **diversity in politics.**

Voting allows you to be seen and heard.

People with disabilities need supports and funding just as much, if not more than people without disabilities. Voting increases those opportunities.

People with disabilities and our allies truly **make a difference** in elections.

Have **your voice heard** on election day.

**DISABILITY
RIGHTS
NEW JERSEY**

ADVANCING JUSTICE. ADVOCATING INCLUSION.
