ABOUT THIS WEBINAR:

The ASPYIR Transition Planning Tool is an innovative and interactive self-assessment tool for students and youth, ages 14 to 21, preparing for transition from school into adulthood. This webinar will introduce individuals to our no-cost resource and help individuals get started using ASPYIR to create a map to the future of choice.

This webinar is open to anyone interested in learning about ASPYIR, but created especially for Students/Youth, Parents, and Educators.

WHAT CAN ASPYIR DO?

Utilizing ASPYIR can help identify skills, goals, and accommodations in the areas of education, employment, and independent living.

MORE TO KNOW ABOUT ASPYIR:

ASPYIR should be taken by the individual. Support while taking the questionnaire can be given by others and/or by Disability Rights New Jersey. We are available to work with the individual on how to use their questionnaire results effectively.
